Accomplished Educator Joins Lone Star Family Health Center Board of Directors

CONROE, TEXAS – Dr. Paola Gorman has joined Lone Star Family Health Center's esteemed board of directors representing Conroe ISD.

LSFHC is recognized as both a federally qualified health center and patient-centered medical home. The health center is locally governed by a patient-majority volunteer board of directors. The board members collectively represent the diverse patient population.

Gorman currently serves as director of highly mobile and at-risk programs for CISD, appointed by the board of trustees in February 2024. She joined the district in August of 2007 as a bilingual education teacher. She also served as a bilingual instructional coach and elementary assistant principal. In 2014, she became the principal of Ford Elementary until August 2021 when she began serving the Caney Creek feeder as Milam Elementary's principal.

“In welcoming Paola, we look forward to leveraging her expertise in education to further enhance the quality of care and services provided to our community,” said Karen Harwell, CEO of Lone Star Family Health Center. “Her strategic guidance and leadership will undoubtedly contribute to the continued success and growth of our health center.”

Gorman earned her bachelor's degree from University of Houston Clear Lake in 2006, a master's degree in educational administration in 2008 and a doctorate in educational leadership in 2023 from Lamar University. Paola is married to Bryan Gorman and they have two sons.
